

# Introduction

After Investigating replacements for the 2006 Dodge Grand Caravan, we have identified three vehicles based on their mileage, reliability, safety rating, price, and capacity. Our recommendations are upgrades in design, quality, and technology. These vehicles were selected to meet Fifth Third Bank’s budget and performance expectations.

**2022 Nissan Rogue**

**2022 Mazda CX-9**

**2022 Kia Carnival**

# By the Numbers

<b>Warranty</b>	3year/36,000 miles	3 year/ 36,000 miles	5 year/60,000 miles

# Recommendation

Through much debate, the 2022 Nissan Rogue is overall, the best selection to fit Fifth Third Bank’s expectations and budget. This conclusion was made due to the Nissan Rogue’s lower price and maintenance cost allowing Fifth Third Bank to buy up to higher packages to equip their vehicle with the latest technology and impress their clients. The Nissan Rogue also has by far, the best gas mileage with reasonable cargo space. The safety rating identifies the Rogue as a reliable car that Fifth Third Bank can use safely. This selection is the optimal choice to save Fifth Third Bank money and still drive a sleek model loaded with the latest technology.
